GREETING

To you, O student of the school to-day, citizen of the nation to-morrow, I bring a record of the days now fallen into silence, a record of frolic and work; I bring the vanishing faces of friends, and the inspiration which comes with the remembrance of youthful dreams.

State Normal School, Indiana, Pennsylvania

VOLUME II

CLASS OF NINETEEN HUNDRED THIRTEEN

A DEDICATION

TO

JANE E. LEONARD, M. S.

We dedicate this Second Volume of the *Indiana* as an appreciation of her lifelong and efficient service in behalf of the Indiana State Normal School.

INSTANTANO

JANE E. LEONARD. M. S.

Miss Leonard! What that name and all it represents means to us can never be estimated.

Having come to Indiana when the school opened, she has been here ever since, the guiding star to higher ideals for all the thousands of girls and boys who have entered these doors. Whenever any of our alumni return, their first inquiry is for "Aunt Jane." It is her presence here that makes a visit to their Alma Mater such a treat. To some of this year's class, her name has ever been a household word, for she was the teacher, counselor and friend of parents who were graduated in former classes.

To us of human limitations it is not given to know the influence of this beautiful life. The sweetness of disposition, the tact, the patience and genuine Christian character displayed by Miss Leonard in her arduous duties as Preceptress make us feel that no other woman could have filled her place.

FOREWORD

Our task is completed; the book is in your hands! We have tried to make THE INSTANO a history of the Senior Class and a source of information for students, alumni, and people in general. The book now speaks for itself, and relates in its demure way the history of the largest class that ever graduated from this institution.

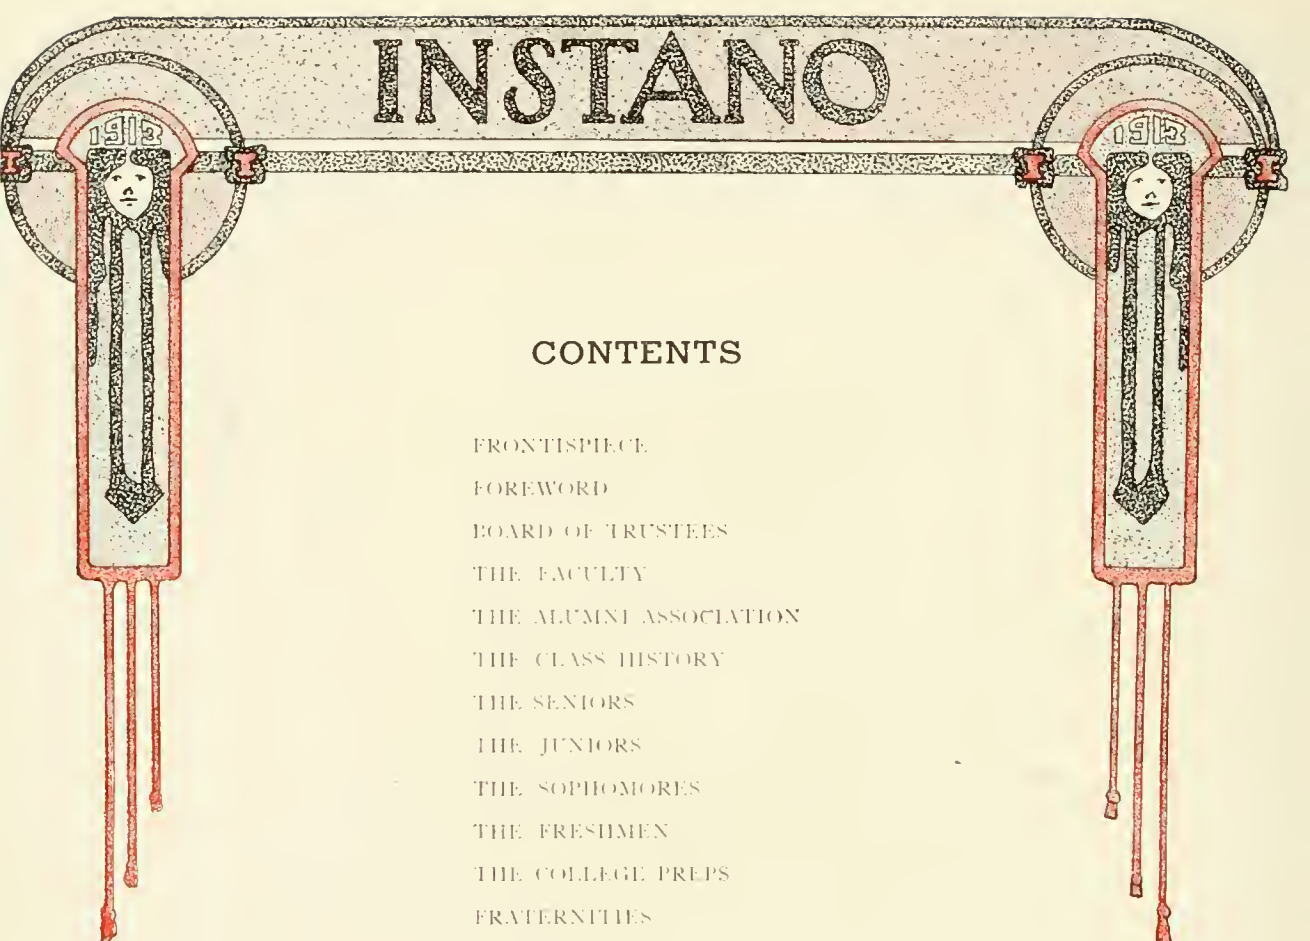

We hope that we have accomplished our aim and that the 1913 Year Book will be as a voice to recall the happy days we spent at Indiana.

Here we wish to express our deepest appreciation to Miss Edna B. Smith for her sincere and enthusiastic labor in the literary work of the book, to Miss Jean R. McElhanev for her invaluable assistance as head of the art work, and to any others who have helped us.

With apologies to Robert Browning, let us say:

So take and use thy work;
Amend what flaws may lurk,
What strain o' stuff,
What warpings past the aim!
My time be in thy hand!
Perfect the cup as planned!
Let age approve of youth,
And memory hoard the same!

INSTANO

The page is framed by a decorative border. At the top, a horizontal band contains the word "INSTANO" in a large, bold, serif font. Below this band, two vertical decorative elements flank the central text. Each element consists of a circular top section containing the year "1913", a central vertical section containing a stylized figure of a person with a face, and a bottom section with three vertical lines of varying lengths, resembling tassels or streamers. The entire border is rendered in a dark, textured style with red and black outlines.

In the last six years there has been a marked development along many lines in the Indiana Normal School. The institution has been transformed from the ordinary Normal with six hundred students into a wide-awake, progressive school of one thousand students. This progress is in a large measure due to the untiring efforts of the present Principal, Dr. Ament.

Coming to us from the Middle West, he is well prepared to understand the needs of such a school as this, and he has made good use of his ideas. His power as an executive is unusual. His oratorical ability and persuasive manner have enabled him to exert a great influence upon the local and state authorities of the school and consequently he has not been handicapped by conservative parties. His knowledge of the human mind leads him to understand the needs of young people who are striving to get an education. He is not growing old. He thoroughly appreciates the desires of normal school students and grants them those privileges which tend to their social and intellectual development. Realizing that our education does not all come from text books, he has made the school beautiful by adorning the halls with pictures and statuary, and has wrought many changes which add to the students' comfort and enjoyment.

WILLIAM J. JACK, A. B., M. A.

One thinks of a normal school as composed largely of girls, but Indiana has a goodly number of boys. They are under the charge of one of the ablest members of the faculty, William J. Jack.

One must be well acquainted with this man before one can understand him. Though very unpretentious, he has a very strong personality and when he speaks you listen.

Mr. Jack is not only manager of the boys, but he is professor of history at the present time. He was a graduate of Philips-Exeter Academy in 1901; received his A. B. and A. M. at Yale in 1905; and was instructor in history and mathematics at Military Academy, Los Angeles, California, in 1905-6.

At Yale Prof. Jack gained great distinction in athletics. Here he made a record for himself in high-jumping. Nor has this training been useless, for he always turns out a victorious track team every year, because under his leadership, the boys are ready to do something worth while,

A. T. Moorhead

Died October, 18, 1912.

It is with sorrow that we note the passing of our friend, A. T. Moorhead.

Mr. Moorhead was for many years an active, faithful and efficient member of the Board of Trustees of this Normal School. It was probably his conscientious and prompt attention to duty, for the school, that caused the accident that no doubt hastened his death.

Not only the school, but church, Sunday School and all the efforts for the benefit of mankind received his active support. For over a quarter of a century he was Superintendent of the First United Presbyterian Sunday School. The influence that he exerted on the children under his care, many of whom are now men and women, will never be known. Cheery, kind and sympathetic, with a smile for young and old, we could not realize that he had almost reached four score years.

We shall miss him from our midst, but to those loved ones who will miss him every hour in the home, the whole school joins in an expression of sincere sympathy.

Alumni Association

The Alumni Association includes all the graduates of the school, numbering at present 2361 members. When the members of the class of 1913 are included, we will have almost 2700 on our alumni roll. If the saying is true that the strength of a school is in her alumni, one can in a great part ascribe the present strength and prosperity of our school to this large and loyal band of graduates, nearly all of whom use their influence wherever possible to send new students to Indiana Normal. Alumni are glad to support their alma mater in this way, because the value of their diploma depends to a great extent upon the present standing of the school that granted it. On the other hand, a school gains in reputation when its graduates are doing well.

The Alumni officers for this year are: John P. Archibald, 1895, of Blairsville, President; Sarah McCune Gallagher, 1884, 1888, of Ebensburg, Vice-President; Viola H. Simpson, 1903, of Indiana, Secretary; and Mrs. Bess Cunningham Chapman, 1903, of Indiana, Treasurer.

The school welcomes all alumni each year at Commencement time, but issues special invitations only to the ten-year, twenty-year, and twenty-five-year classes. At these reunions the classes decide on their class memorial at Indiana, and raise funds to erect them.

During the year Indiana Normal Alumni Banquets are held in Pittsburgh, Johnstown, Greensburg, and Kittanning by the resident Alumni. On the Saturday afternoon and evening after the Fourth of July—it will be July 5th this year—the annual Indiana picnic is held at the farm of Dr. Stevens near Wilkinsburg. These entertainments are open to all friends of Indiana Normal. Let us resolve to attend these affairs in the future, even at personal sacrifice, for the sake of our old Alma Mater.

J. HERBERT RUSSELL, 1895, 1901.

CLASS HISTORY

In the fall of 1910, our Senior Class first became an organization. For us, as members of it, there were new duties to perform and new responsibilities to assume, the execution of which furnished us with many and varied experiences. Early in the fall term of our Junior Year, we elected Robert Fisher as presiding officer, who, with the other officials, administered the affairs of our class.

Time passed quickly and before we realized it, our first year at Normal was drawing to a close. Valuable lessons had been learned during this time, and, as we received the news that all who had been recommended for State Board had successfully passed the examinations, we felt that we had turned one milestone in our life.

Upon our return in the fall to take up the work of our Middle Year, we saw about two hundred strange faces in our midst. This was the last year in which students could do Junior-Middle and Middle work in order to graduate in the "old course".

Some few years ago, the great Powers at the head of the Educational Department decided that the Normal Schools in Pennsylvania should spend a greater length of time in preparing teachers for their work. As a result of this decision, the Four-Year Course was adopted. This course was put into effect in the fall of 1911, and we have the honor of having among our number the first to be graduated in it.

The Middlers, Junior-Middlers, and the Juniors formed an enthusiastic body of boys and girls, all hoping to be graduated in 1913. The first class meeting of this year was called for the purpose of electing class officers. Paul Lewis was chosen President; Homer Laudenslager, Vice-President; Louise Laigham, Secretary; and Gladstone Carmalt, Treasurer.

INSTANO

According to custom, we had an annual Hallowe'en dance. Recreation Hall, decorated with pennants and class colors, and filled with daintily gowned girls and their escorts, formed a pleasing picture. The best said of any dance can certainly be said of this one.

The next great event of our Middle Year was the coming of the State Board Examiners. On the first morning of State Board week, when we went into "Rec" Hall for the examination, we realized for the first time how large the Class of 1913 really was. Delighted with the commendations received from the State Board Examiners, we were *the happiest people* in the school. *We were Seniors!*

Upon our return in the fall to take up the work of our Senior Year, we realized that we not only had new responsibilities to assume, but that we must also have the right attitude towards the performance of these, for, to a certain extent, the attitude of the Seniors determines the tone of the school. We noticed a few strange faces in our midst and we were glad to welcome them, though we were sorry that they would not be able to spend a greater length of time here.

The affairs of our Senior Class have been directed by Joseph Wilson, President; Gladstone Carmalt, Vice President; Ruth Sellers, Secretary; and Margaret McComb, Treasurer. The sincerity and earnestness with which these officers perform their duties leaves no room for criticism.

Early in the term, a meeting was called for the purpose of electing officers for the 1913 Instano. Gladstone Carmalt was made Editor-in-chief and Business Manager. Anyone reading the Instano for 1913 knows how hard and successfully these officers and assistants have worked.

As Seniors, we have developed into serious workers. Each one in our class is willing, so far as opportunity affords, to do his or her part in bearing the burdens of supporting the athletic, literary, religious, and social activities of Normal life. If these opportunities had not been grasped, we would have missed the effect of the atmosphere at Indiana, which stands for culture, refinement, and advancement.

In athletic circles, only two games need to go down in our Class History. One is the annual foot ball game with "Kiski". The score was 7-0, and we were the prouder of the victory because some of the members of the Class of 1913 were contestants.

Late in the Fall Term, our minds were diverted from the serious side of school life by seeing large posters announcing the *great* basket ball game between the Seniors and the Faculty. The dignity maintained by the Faculty, which inspires us to push forward in the fields of learn-

INSTANO

1913

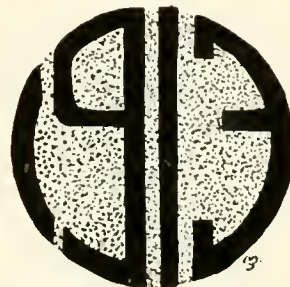

1913

ing, certainly was lost at that game. It proved that the Faculty could not only solve difficult class-room problems, but they could also "shine" as stars (?) in a basketball game. Our Seniors, while they are probably not so efficient in solving class-room problems, could really win this game by the score of 29-16.

All Fall Term and even so far back as the previous Spring Term, some of our number were eagerly looking to the event of all events, the Senior Dance. We were not disappointed either; for the dresses, the flowers, the music, the decorations, the dear little cozy corners and the refreshments, all surpassed our wildest hopes.

History is said to be a record of past events. As we record the History of the Class of 1913, we can give the actual events of our school life, but we are unable to fully realize what our years spent at Indiana have done for us. This will be determined in the future. Let us hope that the work done here and the opportunities advanced by this school have so helped us that others, seeing us, will realize that we have been trained in the best Normal School of Pennsylvania, Indiana State Normal.

Class Poem

JESSIE YUILL '13

Some time memory's book we shall open and page through its yellowing leaves,
And the odor of fast fading blossoms will float on the evening breeze.
From the ashes and dust of the roses, the ghosts of the past will arise
'Mid the perfume of sweet golden flowers to dance under June's sunny skies.

Through the wide open doorway advancing with solemn and dignified mien
Are the black-robed figures advancing and crossing the soft velvet green.
'Neath the cap and the gown they are wearing, the young hearts are thrilling
with joy,
With the visions and dreams for the future; their happiness knows no alloy.

Thus again we shall see the dear faces as clear as we see them to-day,
And shall live the old school days all over,—the pleasures of work and of play,
All the friends of our youth will surround us, the comrades whom time has made
dear,
Whom we've loved with a loyal devotion since days when we first met them here.

As the morn of our triumph is dawning, let shadows not darken one heart
Though our paths have thus far been together, there's always a place they must
part.

So with hopes, with ideals inspiring sublimer and loftier things,
We advance to the gates of the future, prepared for the duty it brings.

Class Song

By JESSIE YULL, '13.

Tune Believe me if all those endearing young charms.

Our school days are fleeting, the dear friends of youth

And the scenes that surround us to-day.

We must leave by to-morrow to roam through the world,

From our fair Alma Mater away.

But she'll still be as dear as this moment she seems.

Let time sever us far as it will;

For her name we will honor, her precepts revere.

And with loyalty think of her still.

As we now bid farewell, Indiana, to you,

May we part less in sorrow than joy.

For great is the blessing we're bearing away.

A treasure which naught can destroy.

Then let us rejoice and banish dull care,

On this last day and best day of all.

For the glory of 'Thirteen, the class that we love.

We must go where'er duty may call.

GEORGE ADAMS

Avonmore

"BABE"

Huyghenian; Lincoln Debating Club; Y. M. C. A.; Glee Club.

Here's the "Baby Boy" of the Senior Class. We are glad to say that this applies only to his physique and he makes up for his small stature by his willingness to help with any good work that needs him. During his three years in school, prayer-meeting evenings have always found him at his post of duty—the piano. George has shown much ability as an orator having represented his society in the 1912 contest. He has also taken part in the minstrel shows. George has a strong desire to study music, and, should he choose this, we predict a bright future for him.

ESTHER HENRIETTA ALLEN

Farrel

"RETA"

E. Henrietta came to Indiana this fall, after having graduated at Farrel High School, and successfully passed the State Board examinations in the Spring. She took a deep interest in her work, showed her ability both as a scholar and as a musician, and made a host of friends by her sparkling wit and pleasing manner. She played well her part in Recreation Hall during leisure minutes, the favorite selection being Fantanna. Whenever anyone felt disheartened, she would say, "Denken Sie nicht davon". Her charming smile and laughing eyes speak for themselves. We predict a bright and successful future for her.

INSTANO

RUTH ALLEN
Mechanicsburg
"RUFUS"

Ruth joined the Class '13 of the three-year course when it was in its youth, Sept. 13, 1910, and has lived through all its trials and joys (?). Every night "Rufus" will call out, "Waken me if there's any mail; I simply can't stay up any longer." Needless to say, Ruth is always bright and cheerful the next day. She is always well posted on every subject and thus her name almost always heads the clear record list. But her only grievance is that her name necessitates her taking the first seat, ever under the close scrutiny of watchful eyes.

WALTER L. ALLISON
Indiana
"WALT"

**Instano Board; Lincoln Debating Club;
Hughyenian; Y. M. C. A.**

This staid gentleman resides on an R. F. D. route; but from his dignified and lofty manners, one would never guess that he comes from a rural district. Walter has never been known to neglect any of his studies, and in his classes he has gained a high reputation for preciseness; but, nevertheless, he is always ready for some fun. He takes an active interest in athletics, although he is never seen on the athletic field except in the capacity of a tennis player. To quote "Walt", "My most exalting experience is to tread the turf beneath the foliage about my silvan abode."

INSTANO

MILDRED ANGELINE

McKeesport

Miss Angeline is one of the most energetic as well as one of the brightest of Seniors. Her eyes sparkle with humor. She is enthusiastic about her work and this enthusiasm is caught by the members of her class, causing them to take a deeper interest in their work. After graduating from McKeesport High School, she passed Middler State Board at California State Normal School, and in the fall of 1912 she enrolled as a student of Indiana. Her work as a student shows that she will have much ability as a teacher.

ARTHUR W. ANKENY

Indiana

"ANK"

Huygenian; Lincoln Debating Club.

"Ank" is, without a doubt, the senior with the least to say, but "Reden est silbern, Schweigen ist golden". He was born at Elderton near the close of the last century. He came to Indiana about four years ago and has been one of the "silent forces" of the school since that time. For earnest, hard work and class spirit, few, if any, surpass him. His smile, nine-tenths bashful, says plainly, "Let's get acquainted"; still, he is not a professional "fusser". He is much interested in athletics, also music. No idea of his career can be gained, but take it as a prophecy it will be one of these three: Jim Thorpe II, successor to Paderewski, or living behind a sign like this: "Bachelors' Rooming Apartments, A. W. Ankeny, Prop."

INSTANO

VERLEE LOUISE ARMSTRONG

New Castle

"LEE" "RED"

We all wonder why Lee has that latter name. She has already written several good stories and we look forward to the time when we see her name ranked among the great authors of the day. "Our best students take Latin." Verlee takes Latin; therefore, she is one of our best students. When "Red" is provoked the sparks fly but usually at that time we just hear, "For cat's sake!"

ROXELLA BAIR

Markle

"ROXIE"

Sophist Board.

First in her career, "Roxie" decided to be a stenographer, but in a short time after she had completed a course in Sayers' Business College at New Kensington, she thought the teaching profession would be nobler and came to Indiana to prepare for that work. "Roxie" has always stood high in her class. Although she works hard, she is always ready for a little bit of fun, and you may be sure that there will be "something doing" when you see those brown eyes begin to twinkle.

INSTANO

ELTA WADE BAKER

Dunbar

"Faith"

During her three years at Indiana, this serious, sedate young lady has fallen into the ways of the institution, and has made numerous friends. Her dignified manner and the pupils in her eyes betray her profession. The moment of greatest suspense to her is when waiting to be called on in German. The end of every month found "Faith" looking diligently over her books.

*"And of all things she liked the best,
She much preferred to sit and rest."*

BESSIE BEALE

Freeport

"BELL"

Y. W. C. A.

Before coming to Indiana, Bessie went to Slate Lick and Cabot Academy. She has worked her way up through the Junior and Middle classes, and has now decided that arithmetic is her favorite study. She always managed to get her problems correct—with the aid of the answers. When she comes to literature she makes things hum by her brilliant recitations. Her favorite pastimes are reading and eating.

INSTANO

ADA BELL

Vandergrift

Erodelphian: Y. M. C. A.

Ada joined our class in 1910, and though she has grown very fond of Indiana still thinks there is no place like home. Although mindful of her studies, she is always ready to drop everything when anyone suggests going to "Sharkey's", but eating is only one of her favorite pastimes. If all the girls enjoyed athletics as much as she does, the school spirit would certainly be increased for she is seen at every game, rain or shine. We do not expect her to spend the rest of her life teaching school, but will no doubt hear of her starring as impersonator in the Leland Powers School.

EDNA BELL

Indiana

"TED"

Erodelphian

This fair girl's popularity will hinder her from becoming a "school marm." "Ted" lives down town and is popular in the affairs of both town and school, and if you want to know anything about the affairs of the town, why just ask "Ted". Of all the seasons of the year we think she enjoys winter best, probably on account of "Jack Frost".

INSTANO

HILDUR E. BENSON

Greensburg

"BENZ"

Erodelphian; Y. W. C. A.

*Shy "Benz" will be a schoolmaam staid;
To do what's right, she's not afraid;
Her "no" will always mean just "no";
The mark her pupils all will toe.*

*Her work in Greensburg High was good,
Quite near the head our Hildur stood,
She works and studies half the night,
And, all in all, she's just all right.*

ETHEL M. BERKEY

Johnstown

"Ethelinda" "Marg" "Mark"

"Mark" was a member of the class of 1912 at Johnstown High School. She is dignified and always pleasant. She makes friends slowly, but proves a delightful companion to those who know her. She came to Indiana with the determination to complete her work here with honor to herself and to the class of 1913. Bright and persevering, "Mark" is sure to make her mark.

"MUGGSY"

Y. W. C. A.

You would not know unless you were told that Mary was a convent girl. But she was and her training has been such that she is now a perfect model of young ladyhood. Of course Mary has no traits of laziness in her make-up, yet she does love to sleep in the morning. When the bell rings Mary opens her eyes slowly and says, "Somebody choke Laney", and then turns over to sleep some more. Yet we know she'll make a splendid teacher, and Young America will be greatly benefited for having known Mary Birnie.

KATHRYN PAINTER BLYHOLDER

Iriwn

"KITTY"

"Skillful alike with tongue and pen."

When the class of 1913 met again this fall we found "Kitty" among its new members. She is small, but she has wrapped up in her small body more ability, wit and humor than the average giant. Her keen discernment in judging character and her clever application of phrases that "stick" have made Third Floor residents glad to be on the good side of her. Her knowledge is ever at the service of her classmates, and 1913 is more than proud to welcome this newcomer as one of them.

Who doesn't know Helen's laugh? It's the good, wholesome kind we all enjoy. Yes, Helen is somewhat radical, but we all like her frankness. We also enjoy hearing her recite in the classroom. Generally the teacher must be called to the rescue and restore order. Her motto is, "Laugh and grow fat". She often questions, "Am I not as tall as that girl?" Helen entered the Junior-Middle class in the fall of 1911, after finishing a brilliant course at Pitcairn High School. Through these two years she has practiced the well known theory, "All work and no play makes Jack a dull boy". However, too much cannot be said of the creditable record she has made.

Modesty and energy are seldom combined, but in "Imp" we find a judicious mixture of both, backed by an interesting personality. Blairsville

Basket Ball #3

Ruth is one of our smart girls who graduated from Blairsville High School in the spring of 1912, came to Indiana, passed the Junior-middle examinations, and entered the Senior Class in the fall of 1912. She is a jolly, happy-go-lucky girl, who likes to use her eyes better than her books. She is very emphatic in her speaking by always repeating the pronoun and verb; as, "I'm fond of pie, I am." We would prophesy a great future for Ruth as a pie baker and think it would be advisable for her to take the Domestic Science Course instead of the Teacher's Course.

This studious classmate of ours with the sparkling brown eyes is a good friend to all who know her. If there is any mischief she is sure to be involved somewhere, but her school records keep on sailing along with E's just as though she never took a minute's time for a single prank. Kittie has brains, you see, which accounts for it.

Before coming to school here Agnes attended high school for a time. Early in life her great desire was to become a student at Indiana. She is very much interested in her work and in the school as a whole; she is a very thoughtful girl and tries to do all she can to help others and to make them happy. If a task is placed before her she puts her whole heart and soul into the work and its accomplishment.

Jack is a native of a suburb of Indiana. He is an old student known by almost all in the school and even some of the alumni are dear to him. You are always sure of a friendly word from him. Jack is very kind-hearted and is always ready to help someone. He is very popular with the girls, which is shown by the fact that he never misses a dance. As he is a person who makes friends readily, we predict a happy future for him.

"JACK"

Lincoln Debating Club; Apollo Glee Club.

We have known this genial fellow from Clarion County since 1911. That year with his credits from Slippery Rock and Grove City he made Junior-Middle in two terms. In spite of tempting professional opportunities, he came back this year to join our class under the Brown and Gold. Earnest, optimistic, an enthusiastic worker and an inspiring, warm-hearted friend.

to know him is a great privilege. In his classes he is invincible and, as he was a varsity athlete at Grove City, he has the keenest interest in the welfare of Indiana's teams. We need not predict success for him for his spurs are already on. He goes out from Indiana one of the leaders in his chosen profession.

Treasurer '13

Are you looking for a most companionable friend? See Peggy. Although naturally quiet, she can talk, and, having started, she makes all of us sit up and take notice. No one ever saw this little optimist so busy studying that she didn't have time to enjoy a joke or listen to a good story and still, contrary to all laws written or unwritten, she is solid with the faculty, and does not "soft soap". She never really exerts herself only to help a friend, and then she will do almost anything. It is this combined with her natural amiability, that gives rise to her popularity.

IRENE E. McCORMICK

Vandergrift Heights

"RENE"

Huyghenian: Y. W. C. A.; Instano Board

This little brown eyed maiden first came to I. S. N. S. in the fall of 1910, from Vandergrift High, of which she is a graduate. She entered the class of '13, and finding it quite agreeable, stuck with it. Since coming to Indiana, Rene has taken quite a prominent part in amateur theatricals, both in class farces and in society plays. She is a very lively, fun-loving girl, and if you want some one to conduct a color rush, lead cheers, or drum up a class spirit, Rene is right on the spot. Her pet aversions are staying indoors and studying, although she manages to hold her own in her classes.

Zeta graduated from St. Scholasticas Academy in 1912, and then went to Slippery Rock, where she successfully passed all her examinations. She was ushered into our midst in September of the same year, and has since been a diligent student. She is one of the youngest members of our class and has won the love of all who know her by her amiable manner and charming ways. No matter where you see her, she is always going to the library with her arithmetic under her arm. Her favorite expression is, "Oh don't worry, girls, for tomorrow is pay day".

ZILPHA BELLE McCREERY

"JILLIE"

This is our "Zillie", just as full of fun as she looks. What would we ever do without her to tell all our griefs and pleasures to! She is always ready to sympathize with us, whatever they may be. After "Zillie" finished the course at Saltsburg High School she decided to join us at Indiana and prepare herself for teaching and she is very anxious to begin her professional labors. "Zillie's" pleasant smile and kind word for everyone has gained for her many friends, who all wish her the best success in her future life.

"Lank" came in the fall of 1910, but stayed only one term. She was absent from us for two long terms, and then, in the fall of 1911 she made up her mind that there was no place like Indiana Normal and of course came back. In her Junior-Middler year "Lank" had so much work to do that at almost any time in the day you could see her sitting in the reading room with one of the current magazines in her hand; perhaps she was reading, perhaps sleeping; nobody knows. She never slept in her Senior year, believe me.

SUE A. McDERNOTT

Sue entered the Junior class in the fall of 1910 and has been with that illustrious body ever since. Her motto is, "When asked a question, answer something; even bluff if necessary." However she is one who studies and does not practice the latter part of her motto very often. About the time the teacher closes the classroom door, a knock is heard and Sue is let in panting and apologetic. But she will always get there, fashionably late.

Erodelphian.

After attending Union High for two years, Mary decided to leave U. H. S., and to pursue her course of education at I. S. N. S. By her cheerful nature she soon made new friends at Indiana. Although she is quite studious, she enjoys feasts and a good time immensely, but always makes it a point to be in her room at the ringing of the first bell, as faculty seem to be her greatest dread. Mary is quite religious, attending church at least once every Sabbath (but of course every one is compelled to attend church when at Indiana: hence, Mary's punctuality). Knowing of her work heretofore, we can easily foresee a bright future for her.

Ferne, who went through Indiana High School on flowery beds of E's, became known to most of us when she entered Normal in the fall of 1911. She is remarkably bright, as we all know, for she always has her lessons just right. Ferne is an author too, believe me. You should read some of her poetry and prose. It is fine. But we know that she will do something still greater in the future. She is a friend most sincere and dear to all who know her.

DOROTHEA McLAUGHLIN

"DOPY"

Dorothea came to Indiana from the common school and has "dug" her way up from the Sub-Junior to the Senior Class of 1913. She has a bright and sunny disposition as all who hear her whistling when things go wrong can testify. Dorothea's special love is centered on her home, and she is a very poor suffragette for she firmly believes that "Homekeeping hearts are happiest". When she has finished at Indiana, her highest ambition is to teach young Americans how to shoot.

In the fall of 1912 Bertha came to Indiana with a desire to complete the course with the class of 1913. Bertha has but one fault and that is a good one, she studies. When a fellow student asks her what she knows about the lessons she answers, "Nothing", but when called on in class she always recites. Every one on the second floor is familiar with that expression. It is Mame's favorite, and is quite natural, too for it is impossible to arouse her in time for breakfast. Nevertheless Mame always has her grammar lesson well prepared and intends specializing in English. Who knows but that she may be a member of our faculty some day? Overlooking above named afflictions, "Mame" is a good student, and a credit to her class.

Lillian's career, since she landed at Indiana in the fall of '09, has been characterized by enough work to allow her to stay at school and have a good time. She was never known to keep a date whether it be in history, recreation hall, or elsewhere. She spent many weary hours reading German, but her greatest interest seemed to be centered on arithmetic; consequently, we all think she will make a specialty of that subject. She follows the line of least resistance, but gets there just the same.

When "Ted" leaves Indiana, the school will lose a bright, studious, intelligent girl. She has a smile for everyone and has won many friends through her happy, cheerful, unassuming disposition. No one enjoys a good joke more than "Ted", and her face beams as she recalls some story. A young man from one of the tropics has said of her, "She is likened unto the rarest and fairest of the flowers in Cuba." Dewitt, "Fitter", often shortened to "Fit", is one of the Siamese Twins. He graduated from the Model School in 1909. That fall he entered the Class of '13, and has been a faithful member of the same and a diligent student ever since. Because of this diligence, he has not participated in athletics, but is always glad to see his home team win, thus showing the proper school spirit. Louie has been at Indiana four years, and she likes it so much that she has almost decided to come back next year. You can usually tell when she is approaching, for she is always singing. If you wish to find this busy young lady, you must hunt up the committees that are in action, and there you will surely find her. Louie will start to talk to you, then all at once, as if remembering something, she will jump up, look at the clock, rush for the door, yelling over her shoulder, "My goodness, I'll be late for that committee meeting." She is attractive, loved by all, a good worker and a true friend.

The Rhoads homestead was brightened one cold day sometime during the latter half of the nineteenth century by the arrival of Edna Mae, destined to be loved by all with whom she came in contact. Of her early life at Indiana we pronounce her extremely lively, energetic, especially when cleaning her room, and studious. Edna has one serious fault; namely, that of going to Patton's, for nothing is quite so good in her eyes as pie. Edna has also one especially good trait, for she is an ardent enthusiast for the Huyghenian Society. Long may this maiden live!

MINNIE RIBBLETT

After graduating from the Conemaugh High School, Minnie decided to pack her trunk and come to Indiana. That little pin she wears says, "I. H. S. '09-'10." No doubt that is where she received the training that has helped to make her one of the "shining lights" in Mr. Smith's geometry class, not to mention Mr. Gordon's arithmetic class. This young lady has worn herself to a "Shadow" over it. She is the cynosure in a crowd on account of her accomplishments; viz, singing bass, dramatic tenor, lyric soprano. She tickles the ivories like Mrs. Paderewski, and draws like a modern Michael Angelo, especially with colored crayons on the boards at Model. She can dance a clog, and her latest acquisition is a sympathetic voice when she says, "Children, do-oo sit up".

BELLE SPRANKLE

This little dame graduated from the Model School in the class of 1909. She has always lived in Indiana. As a financier Alice rivals Hetty Green. She is of the modern type of woman. Without her smiling countenance, the Indiana merchants could not prosper; but, at the same time, when she makes her purchases of chipped beef or tongue, she forces them to come across with the best of bargains. Miss St. Clair, in this year of dignity, is doing excellent work. For this good work she has been given the honor of writing the class history of 1913.

The subject of this composition is a young lady of several summers, a great many winters, and no one knows how many hard falls. After many years of traveling through this wide, wide world to find a place to get an education, Elizabeth landed in Indiana and wisely decided to make her home here until she should finish I S N S. Elizabeth possesses a kind and sunny disposition and makes friends wherever she goes. Her favorite song is:

Light-hearted and care-free "Fat" came to us in the fall of 1911 after she had finished R. H. S. with flying colors. Indiana seems to have no effect on her disposition, for she is going out as she came in, her dimple, however, a trifle deeper. Those in search of the fair child will only have to use their ears, for wherever or whenever you hear shrieks of laughter, Gracie is sure to be there. "Fat" herself doesn't laugh; she just smiles and shakes. Her one joy in life is eating and most of her time she is happy.

After proving her success as a teacher, she was graduated from the Normal Art Course, and thinking she did not know enough, she came back to join the regular class of 1913. All her senior troubles are forgotten when she tries to surpass the beauties of Nature by making pictures. LEAH LEONARD

Beloved first floor "mail" girl, always punctual, no wonder that once in a while the unfailing question, "Has the mail been passed", becomes somewhat monotonous to her; and that is when she shows her bad streak. Always seeing the funny side of things and seldom taking life seriously, she is a typical optimist.

"Lovie" is friendly, conscientious, talks little, laughs seldom, but oh, when she does laugh! She is always sleepy, averse to walking, and cannot stand too much fresh air. At night, while sleeping, she does most of her talking, making up for lost time. Yes, Pearl is always busy, always studying, and is very, very good.

This fair haired little maiden came to Indiana in January, 1912. Although she missed the fall term she went to work with a will and was one of the happy Juniors that passed the State Board in June. She is progressing equally well in her Senior year and is especially proficient in arithmetic. She received such a good recommendation from Prof. Smith that she is teaching "number work" in the first grade at the Model School. Dolgeville, N. Y.

Huyghenian; Glee Club.

Kany entered our school from the University of Hard Knocks. Made dependent upon himself at a tender age, this former citizen of Germany was ready for business when he came to Indiana. His ability as a stenographer was early recognized by Miss Leonard, who has given him employment on special occasions. Truly may Kany say, "The world is my country; to do good, my religion."

RUTH MARY LEONARD

Wilson

What a quiet, meek looking individual she is! Oh! but when you know her, she can tease and torment and laugh with the best—or worst, as you prefer. Teaching in the grades did not appeal to her for more than one month, so with a "Presto! Change!" a clear record sophomore was turned into a grinding commercial Senior. We judge from the zeal with which she takes up the intricacies of Graham's Shorthand, that she will be establishing some new speed records soon.

INSTANO

MARGARET ALOYSIUS MALLOY

Allegheny

"PEG"

Erodolphian.

Peg is a tall, stout girl with a dark complexion. This fact does not concern her much as such things are her smallest troubles. Her chief occupations are going home, writing letters, and flirting with typewriter keys. Margaret will never refuse chocolates and especially not if they come from Pittsburgh. We often wonder who sends these chocolates. Peg is known in the athletic world as well as in the social world. Her spare moments are occupied in practicing basket ball.

BLANCHE C. McCUE

Oil City

"CUNEY"

The Oil City girl whose smiling countenance is portrayed here, joined us in the fall of 1912. At first, judging from the amount of mail she received, we feared that she might not like the social life at Indiana, but since she has become acquainted we have little difficulty in persuading her to remain with us. Cuney is a very industrious girl and spends most of her time in writing (shorthand?). Her one desire is to assist Prof. Myers in teaching phonography, and at almost any time you may hear her say, "Oh, girls, do be quiet; I'll never get these ten copies done for dictation." Here's to her future!

INSTANTANO

F. GERTRUDE PLANTE

Oil City

"GERT"

Here is a "Plante" very useful as well as ornamental to Indiana, which has almost outgrown its studenthood, and is now a teacher in the commercial department. She has been secretary to Miss Leonard during the past year. Miss Plante is the personification of good nature and is never happier than when helping some one of Graham's followers along their thorny path.

ALFRED H. QUINETTE

Meadville

Glee Club; Apollo Club; Allied Arts Club;
Y. M. C. A.

This tall young man was admitted to the Senior year on credits from Meadville Commercial College. His remarkable ability soon displayed itself, and Mr. Kinsley assigned the classes in penmanship and commercial correspondence to him. He has been so successful with these that we predict a remarkable teaching career for him. Alfred has an absorbing passion for penmanship, which he practices almost religiously, with the result that he has the name of being an expert penman. His vocal ability has also won much praise at Indiana.

"DUFFIE"

Erodelphian; Y. W. C. A.; Whateoever Circle.

But who can tell the fortune of this girl with the sweet expression? After having two years' work in Springboro High School, she wisely decided to take up the commercial course at Indiana. Her next aim was to be fitted for a social secretary; but Indiana has almost changed Duffie's mind, for she has already gained a diploma for excellence in penmanship. We often hear her say, "Oh, I do wish it were spring term so I could take banking!"

HELEN P. ROCKEFELLER

Sunbury

"About as big as a minute" is a very minute description of this little lady. She is a very busy lady but she always has time to play pranks at the fifteen minute period. Shorthand and typewriting are her specialties. Her reason for not taking the regular course is, "Mercy! why it would take me two years, and I never could stay so long away from—Sunbury."

"SIS"

"Sis" landed in our midst in the fall of 1912. Her smiling face might be seen through the blackest cloud of trouble. She is of an ambitious nature, and always willing to help others out of trouble. Her one ambition is to become a good stenographer. She is a very brilliant scholar, and is usually found in her room deeply buried in her lessons. She likes to read and can find every day a few spare moments to spend in that employment. She is always ready to enter into any fun and enjoy a joke with her many friends.

CLYDE C. WOODWARD

"WOODIE" "SPIDER"

Huyghenian; Y. M. C. A., Track (2).

After completing his second term as a teacher in the Indiana county schools, "Woodie" took up the commercial teacher's training course at Normal. He was a member of the track team in 1912, and, after winning his "I", he took up baseball and became quite efficient in using the stick. He was never known to skip his classes unless it was for a trip on the "Goat". Where he was going no one knows.

JUNIOR CLASS HISTORY

By a Senior

In September, 1912, the wee tenderfoot youngsters who had entered the institution in 1909 had bestowed upon them the appellation, Juniors. Soon some of these young "huskies" got busy and had a meeting for the election of class officers, and you would have thought that they were going to turn the whole school inside out.

However, when the time came for the "Class Rush", these great warriors of 1914 seemed unable to arouse themselves from their slumbers, for on the morning of this catastrophe (?) for the Seniors, the only place pleasing to these small ones was the little trundle-bed in spite of the valiant service of their trombone soloist.

As the term went on, they awakened, and gave a pleasing entertainment, namely, the Junior Hop. Since the remainder of the year did not require many strenuous efforts to be exerted from this infantile organization, no calamities occurred, except the entrance to their ranks of J. W. A. B. plus his moustache. We all have the hopes that "von diesen Kindern" may develop men and women who will uphold the dignified name of Seniors.

THE POET'S OPINION

Jean Boon

Who is't can read a woman?

Gail Daugherty

For light's her heart and blithe's her song.

Helen Boardman

Let others hail the rising sun.

Elizabeth Stroble

Wise to resolve, and patient to perform.

Nell Henderson

Hear me, for I will speak.

Edna Bell

We cultivate literature on a little oatmeal.

Helen Gallagher

Speaks three or four languages word for word without a book.

Mary Ellen Eakin

Still we went coupled and inseparable.

Viola Hazekins

A little, upright, pert, tart, tripping wight.

Helen Spryer

By the work, one knows the workman.

Alice St. Clair

I never saw so much dignity in so little a body.

Guy Foster

Wilt thou have music? Hark, Apollo plays!

Susan Carter

In sooth, I know not why I am so sad.

Frieda Dingledein

What's in a name?

Ossie Patterson

She had all the royal makings of a queen.

Vera Amy Simpson

'Twas kin' o' kingdom come to look

On sech a blessed cretur'!

A dogrose blushin' to a brook

Ain't modester nor sweeter.

Louellen Remmy

Respect the faculty that forms thy judgment.

Clyde Titterington

And still they gazed and still the wonder grew

That one small head could carry all he knew.

Irene McCormick

Perhaps she will grow.

Carolyn Vogeley

'Tis alas, her modest, bashful nature, that makes her silent (?)

Jessie Yuill

A woman tropical, intense in thought and act, in soul, in sense.

Leah Leonard

I chatter, chatter as I go to join the brimming river;

For men may come and men may go but I go on forever.

Alice McCrum

So womanly, so benign and so meke.

Edna Reed

You know I say just what I think, nothing more or less.

Selma Bolotin

Thy pathway is among the stars.

The Apollo Singers is a musical organization composed of twelve male voices. It was organized by Prof. S. G. Hart in the spring of 1912 for the purpose of furthering the musical interests among the male students. It has filled a much needed want in the school life at Indiana.

The Singers took an extended trip during the Easter vacation, meeting with excellent success.

SPIRIT OF INDIANA

Words and Music by Hamlin E. Cogswell

On! On! On! On to victory,
Ev'ry one expects to see you win to-day,
Fight to win! "Play the game square",
Always for your Alma Mater do and dare!
Now then, go! Give them not a show,
You have skill and daring, that we know,
For not only will you score but will add a few points more,
Just to show them how we do at Indiana.

Indiana, don't you hear our cheer?
That you'll honor us we have no fear,
See our pennant floating o'er the field!
Unto foemen you will never yield,
You will hear us as we shout and sing:
With your praises will the welkin ring,
Other teams will know their fate,
When they meet the "Red and Slate"
It's the way we always do at Indiana. For it's

"Unto foemen never yield,"
We will always do our best for Indiana

Years ago teachers and students realized the need of a Christian Association for the young men at Indiana. As a result this society was organized in 1897, and a National Charter has since been secured.

The purpose of this organization is to train young men in Christian work. Whether or not they take up definite Christian work, they will thereby become more capable of doing church work, and more useful and influential citizens in their own community.

The association members have done some definite work. An example of this is Rev. Frank Woodward, who is now a missionary in the Gilbert Islands. Mr. Woodward emphasizes the fact that he first became interested in this work and made his choice of a life profession while he was attending school at Indiana and working in our association.

Another purpose of the association is to develop the spiritual side of the students' lives and thus prevent the narrowness of ideas and sympathies that would otherwise result.

The backbone of the organization is the prayer meetings which are held regularly on Thursday and Sunday evenings. In addition to these meetings there are Bible classes led by students who meet with a member of the faculty for training.

Every year the association sends several delegates to the conference at Northfield, Massachusetts.

LINCOLN DEBATING CLUB

The Lincoln Debating Club is a student organization for the boys of the school. During the fall of 1909, with the advice and help of Prof. Albert Heckel, the club was started with a charter membership of forty-five.

The number was at first limited to fifty, but it has lately been reduced to thirty-five. So eager are the boys to become members that there is always some one on the waiting list. The club holds regular weekly meetings at 10:00 A. M. on Monday mornings. The members are arranged in three sections, one of which debates at each meeting. Following the debate, fellows from the other sections make impromptu speeches.

The club holds an annual debate and dance on Lincoln's birthday. Four of the club's strongest speakers are selected to speak on this occasion. This social affair has always been a very enjoyable one for the Lincoln boys and their girl friends.

This year the club was challenged to a debate with Kiski and accepted. Messrs. Harkless, Trimble, Davis with Kirkwood as alternate were selected to represent our club. The debate will take place on May 24th at Indiana. The question debated is, "Resolved that the monetary banking system should be adopted by the United States".

ERODELPHIAN LITERARY SOCIETY

The Erodelpbian society was organized in 1875, a short time after the school was established.

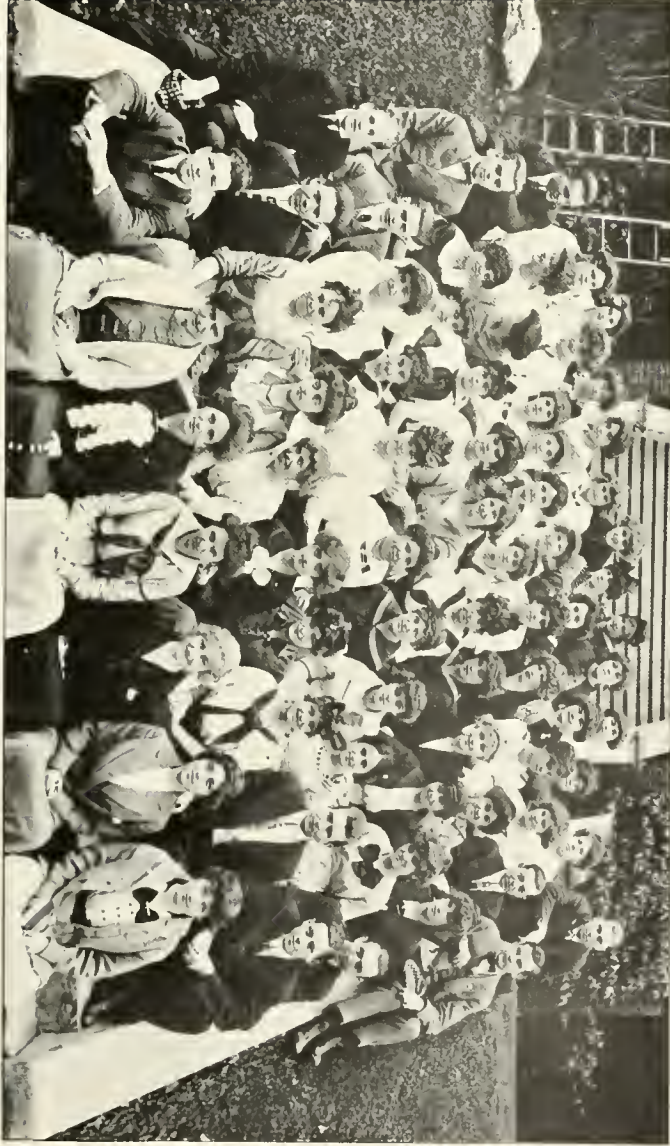

At first the society had only a few members but through hard work and persistent efforts it gradually increased. We have many members of the alumni, now are prominent business men and teachers, who never neglect to urge new students to join the Erodelpbians. At the present time our society ranks among the biggest organizations of the school.

There have been four literary contests between the Erodelpbian and Huyghenian societies: the Erodelpbians have won three of these contests, and last year won the inter-society debate. This shows that we have good faithful workers.

Last year the society gave "For Old Eli" in the New Auditorium. So successfully was this play, that it was repeated at the Jefferson Theatre in Punxsutawney. This year we played "The Butterflies", which also proved a grand success and showed the talent of which our society is composed.

May the blue and white triumph for all time is the wish of every member and alumnus of our Society, and we feel that our wish is not in vain.

INSTANO

HUYGHENIAN LITERARY SOCIETY

"Search for Truth."

We Huyghenians are proud of our society for the rapid progress it has made since its organization in 1875. From a mere handful of enthusiastic members, of whom our present Preceptress was one, we have grown until we now number some seventy-eight. This increase is due to the unbounded ambition and energetic perseverance of our alumni.

Our society has been noted, not for its social precedence, but for its untiring efforts in raising the standards of literary attainments. This does not mean that there is no social side to the organization. At the beginning of each term it is customary to hold an open meeting to which the entire school is invited. At this time we give our regular program, which shows the school what kind of work is carried on. It is also our custom to present, some time during the school year, a dramatic entertainment, which brings the talent of our membership before the public.

The Huyghenians to day look forward to a loyal devotion from the Huyghenians of to-morrow, with the hope that when their ideas are realized, larger and better visions will be granted to the future.

Since the time of its organization, fifteen years ago, the Young Women's Christian Association has exerted a helpful influence upon the girls in the school. Its purpose is to unite them in loyalty to their Master and to build them up in the knowledge of Christ through Bible study and Christian service.

The work of the association is divided into several departments and a committee is appointed to take charge of each. The Bible study committee provides the Bible study, which is taught in the fall term. The missionary committee takes charge of the mission study classes, which meet during the winter term. The devotional committee plans for the weekly meetings and also meets with the members of the covenant for a half hour's devotion Sabbath evenings.

Many helpful suggestions for the past year were received by the delegates at the summer conference at Eagles Mere, Pennsylvania. This conference was held from June twenty-fifth to July fifth, 1912, and the entire session was one of great uplift. Three delegates were sent.

The influence of the Young Women's Christian Association upon a girl helps fit her for active work in life after she finishes school. It is not a local, but a world-wide movement, and the girls are broadened and refined by its activities.

This club is composed of members of the Senior German classes. Its object is to make them more familiar with the German language, literature and customs, than they can become in the formal recitation. The programs consist of recitations, orations, musical numbers, and the study of German classics. The club successfully presented the farce, "Der Neffe als Onkel". A German newspaper is also subscribed to and read. All proceedings of the club are carried on in the German language.

For several years there was considerable agitation in regard to the establishment of a school paper, a real students' paper.

Under the supervision of Miss Edna B. Smith a student board was organized and the paper was instituted. Mr. Theodore B. Buchholz as editor-in-chief took charge of the work and with the help of the students has built up a student paper which now is in a flourishing condition. Mr. Buchholz deserves great credit for the success the paper has attained.

REVIEW OF 1912 SEASON

At the beginning of the season the prospects for a good foot ball team were very dim, as there were only three men of the last year's team back. But under Mt. Pleasant's care and guidance a team was whipped into shape that will go down in Indiana's history as one of the greatest she ever had.

Indiana 32 Apollo O

The season opened on September 28th when Normal met and easily defeated the Apollo Independents. On the whole the play of the Normal team was ragged and Coach Mt. Pleasant was much discouraged. Occasionally the team sprinted and showed some foot ball. The playing of White, Hicks, and Morrow featured for Indiana.

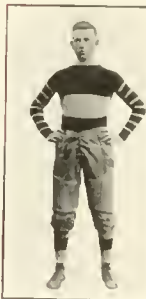

Indiana 54 Latrobe High School O

In the second game of the season Indiana easily won from Latrobe High in a well played game. Latrobe played snappy foot ball throughout, displaying splendid team work. The Normalites showed fine offensive powers. Carmalt bit the line for big gains, while White, Morrow, and Douglass gained constantly around the ends. On one occasion White ran through the entire Latrobe team for a touchdown.

Indiana 69 California Normal O

In a game featured by good foot ball our team easily defeated the California Normal team. The Indiana team played brilliantly and the game abounded in sensational runs by the back field men. The clever tricks of our team worked very successfully and made the game spectacular. Although the teams were evenly matched in weight, and the California team showed good coaching, they were unable to fathom the attack of Normal.

INSTANO

REVIEW OF 1912 SEASON (continued)

Indiana 21 Grove City College 13

In one of the hardest fought games of the season Grove City College went down to defeat at the hands of Coach Mt. Pleasant's pupils, although the latter were greatly out-weighted. Hicks and Clowes played exceptionally well at ends, frequently throwing the opposing backs for big losses on attempted end runs. Hicks on one occasion received a well directed forward pass from White and made a pretty twenty-five yard sprint for a touchdown.

Indiana 54 Slippery Rock Normal 0

In a game featured by strong line defense and sensational runs by Indiana's backs, another victory was added to our list. At no time did the Slippery Rock team appear dangerous, making but four first downs during the game. The Indiana line to a man played well, and frequently downed the Slippery Rock backs for losses.

Indiana 40 Mansfield Normal 0

Indiana won the Normal School championship of Pennsylvania by defeating Mansfield on Normal Field. Bedink, Mansfield's quarterback, kicked off to Indiana and the ball was downed by Mansfield ends on the twenty-two yard line. On the first play Morrow circled the end and advanced the ball to Mansfield's eight yard line, and on the next play Indiana carried it over for a touchdown. White was injured early in the last quarter and was carried off the field. Carmalt was then moved to replace White and St. Clair was substituted at fullback.

INSTANO

REVIEW OF 1912 SEASON (continued)

Indiana 14 Bellefonte Academy 0

In another hard fought game Indiana out-played and defeated Bellefonte Academy. The game was a thrilling one from start to finish, despite the fact that the field was very muddy. The Bellefonte aggregation presented the strongest line-up seen here this season. Their defence, however, was not sufficient to withstand the fierce plunging of the fast Indiana backs, while the stonewall defence put up by the Indiana line made it impossible for the opposing team to make more than a half dozen first downs during the entire game.

Indiana 49 St. Francis College 0

In a one-sided contest Indiana easily defeated St. Francis College. After the varsity had rolled up a score of forty-nine points during the first twenty minutes of play, they retired in favor of the reserves, who, while unable to add any more, held the College even. Hicks played well at right half and Menosky's work at right end stood out prominently. Sensational runs by White, Morrow, Rheam and Clowes featured the game.

Indiana 7 Kiski 0

On November 25th, the Normalites again repeated the act of two years ago by defeating their old rival, the Kiski eleven at Saltsburg. With this victory went the championship for the year for all secondary school elevens of Western Pennsylvania. Enthusiasm was not lacking although the weather was rather severe. From both cheering sections came loud yells which spurred both teams on to fight for victory. In the first quarter of the game Kiski, with the wind in her favor, kept the Red

INSTANTANO

REVIEW OF 1912 SEASON (continued)

and Slate warriors in their own territory. Three times did the Black and White try goals from placement, two of which were blocked by Clowes, while the other went wide of its mark. Then in the next part of the game Kiski had to face the disadvantage which Indiana had the first quarter. By punting, rushing and line plunging Rheam, Douglass, Morrow and White advanced the pigskin to Kiski's ten-yard line, only to lose the ball and have it soar back through the air to their five yard line. Here Douglass made his great fifty-five yard run through the Kiski team to the forty yard line of the opponents. Here Quarterback White drew the Kiski backs close to the line of scrimmage by line plunges and by more clever work he made a beautiful forward pass to Hicks, Indiana's right end, who made the most sensational run of the game, eluding McCreight, Kiski's fullback, and by a wonderful sprint crossing the opponents goal line for the only touchdown of the game. The last two periods was a

INSTANTO

battle royal between the two teams. Coach Mt. Pleasant made several substitutions in the fourth quarter and though Kiski was in Indiana's territory when the game ended the Red and Slate fighters made a magnificent stand. So when the game ended there was the unrestrained joy which comes to the wearer of the Red and Slate who fights with the never-die spirit for his good old alma mater.

And thus came to a close one of the most successful seasons that our school has ever known. Great credit must be given to the Varsity team, its substitutes and our coaches, for the development and success that they have brought to the school.

PROSPECTS FOR 1913

FRANK S. WHITE
Captain, 1913

Our prospects for the fall look very bright and we believe that the foot ball season of 1913 will be the best that Indiana has ever had. White, the all-scholastic quarter-back, will lead the Red and Slate. Five men of last year's team will leave school. Capt. White, Morrow, Hicks, Bofill, Siemon, Trainer, and Deeds will form a nucleus for next year's team and there is no doubt that the foot ball season will be as glorious as that of 1912.

REVIEW OF 1912 SEASON

The track season as a whole was a great success. Work was started early in the Winter term and every man responded with such earnestness that the entire team was in good shape by the first of February.

The first meet of the season was held in Pittsburgh on the night of March ninth and it was here that Indiana showed its great form, winning the one mile college relay and gaining the indoor championship of Western Pennsylvania.

The next meet was the Penn Relays and Here Indiana lost the Normal School championship of the state by only a few yards. Much credit however must be given the team because they did their best, and that is all that can be expected of any team.

In the annual meet with Johnstown High, Indiana had a walk away.

During the season two new records were established, Brown lowering the half mile mark to 2.05 3-5 and Stull running the mile in 4.52 1-5.

INSTANTANO

TRACK SEASON 1913

M. PAUL LEWIS
Captain, 1913

The training for the track meets of the winter and spring began with the opening of the winter term. Capt. Lewis, Brown, Myers, Wilson and White were the only old men back. Among the new men Menosky, Morrow and Trainer have been showing up well in the sprints. Siemon, Smith and T. Davis are showing good form in the weights.

Coach Jack sent two relay teams to the Pittsburgh Y. M. C. A. meet held on the evening of February 22nd. Brown, White, Wilson and Capt. Lewis ran in the one mile college relay and won third place, being beaten by Pitt and Carnegie Tech. Morrow, Menosky, Trainer and Myers were entered in the open relay.

This proved to be one of the most interesting races of the evening. When Trainer touched Myers for the final quarter he was fifteen yards behind. Myers took up the race and, by the most sensational running, not only overtook all of his competitors but came sprinting down the home stretch and broke the tape fifteen yards ahead of the other men. Myers also was third in the running high jump.

The relay team won the Normal School championship of Pennsylvania at the annual relay carnival held at Philadelphia. The team was composed of Morrow, Wilson, Trainer and Myers.

The track team won the interscholastic championship at State College on May 2nd by defeating teams from Mercersburg Academy, Bellefonte Academy, Bloomsburg Normal by scoring 68 points as against 66 for Mercersburg, our closest rival. Four school records were broken, Siemon putting the shot 43 feet 11½ inches and also throwing the discus 115 feet. Wilson made a leap of 22 feet in the running broad jump. Raymond Bofill vaulted 9 feet 9 inches.

Meets that are yet scheduled are with Penn State Freshmen, W & J. College and West Chester Normal.

THE 1912 BASE BALL SEASON

The base ball season at Indiana opened with many promising candidates for the team. Under the direction of Coach Mt Pleasant and the leadership of Capt. Hart the squad was soon rounded out and the positions well filled. Brickley did most excellent work as a pitcher. Rheam on first base, Menosky on second and Martin on third, with Traiver and Hicks as shortstops and Minor as catcher made up a very strong infield. Hart, Font and Gayley made a fast trio in the outfield. Capt. Hart also took turns in the box with Brickley.

The team broke even with our old rival, Kiski, each winning game on the opponents' grounds. They finished the season in good style having won a majority of games against some of the best school teams in this part of the state, including victories over Duquesne University and the Pittsburgh Collegians.

THE 1913 TEAM

KENNETH RHEAM
Captain, 1913

Judging from the present outlook we believe Indiana will have a stronger base ball team this season than for many years. They have started off in grand style having already defeated Altoona by the score of 5-3, Grove City 4-3, Barnesboro 6-3 and Braddock 11-5.

A fast infield composed of Martin, Trainer, Hicks, and Rheam with Morrow and Caldwell as backstops make a formidable defense. In the outfield are Font, Levine, Stewart and the pitching will be taken care of by Brickley, Hart and Carmalt.

By arranging the following schedule, Wm. F. Smith has again proved his worth as a competent manager.

Schedule 1913

April 26	Altoona	at Indiana
May 3	Braddock Independents	at Indiana
May 6	Grove City College	at Indiana
May 9	Barnesboro Stars	at Indiana
May 15	Duquesne University	at Pittsburgh
May 16	Slippery Rock	at Slippery Rock
May 17	St. Vincent	at Latrobe
May 22	Bellefonte Academy	at Indiana
May 26	Kiski	at Indiana
May 30	Pittsburgh Scholastics (2 games)	at Indiana
June 2	Kiski	at Saltsburg
June 4	Waynesburg College	at Waynesburg
June 6	Chinese University of Hawaii	at Indiana
June 12	Waynesburg College	at Indiana
June 14	Duquesne University	at Indiana
June 17	St. Vincent College	at Indiana

REVIEW OF 1912 SEASON

The season of 1912 proved to be a very successful one for Indiana at tennis, for at no time was the team defeated. Although there were not many matches played, they were of such a character that they proved the excellence of the team beyond question.

The first match with Johnstown was forfeited to Indiana after the singles had been played. In a return match, played at the Westmont Club's courts, Indiana again proved her superiority.

The great event of the season, however, was the annual normal school tournament, played at California. As was expected by Indiana students, the Indiana team outclassed all rivals, thus retaining the trophy cup another year as evidence of its skill and gaining the Normal School Championship of Western Pennsylvania.

Prospects for 1913

GLADSTONE CARMALT
Captain, 1913

The outlook for the present season is very bright. All of last year's team are back with the exception of George Potter.

Much enthusiasm has been displayed by a number of new students and some have been showing up very well in practice, so that there are many new candidates, and everything points towards another championship team.

Manager Smith is lining up several dual meets. Dates with Wyoming Seminary and Geneva College have been arranged. The annual tournament for the Normal School championship will be played at Clarion this year beginning on Monday, June 2nd.

BASKET BALL REVIEW 1913

Shortly after the beginning of the winter term, Miss Eyre, Girls Basket Ball Coach, issued a call for candidates. With only three of last year's regulars, Ethel Bowes, Jane Ray and Virginia Seanor, two other stars had to be developed to work in unison with the rest of the team. Judging from the scores made, the feat has been accomplished.

The first game of the season was played on January 13th with Wilkinsburg High School. Nearly all the I. S. N. S. candidates were given a trial in this game. Margaret Flegal was the point getter, making nine baskets. Ethel Bowes, Ruth Greasley and Jane Ray also starred. The final score was 35-3.

On January 24th Geneva College played at Indiana and was defeated by the score of 20-7. Blairsville High contested with our team on February 11th. The foul shooting and foot work of I. S. N. S. completely bewildered Blairsville. At the end of the game the score was 24-3 in our favor. For the home team Ray and Flegal starred.

I. S. N. S. played Geneva College at Beaver Falls March 1st. This was a closely contested game but the home team, being the stronger one, soon showed that it was capable of taking and maintaining the lead. It was a difficult task to say who starred in this game, as all the players were at their best. Score 10-7.

March 3rd our team met Wilkinsburg High at Wilkinsburg, and again proved themselves superior to that team, winning the game by a score of 27-11. Ray and Flegal shot well in this encounter, while Greasley at center, and Seanor and Bowes at guard were there to break up the plays.

The important game of the season was played at Indiana on March 8th with Pittsburgh High. In this game I. S. N. S. again reclaimed the championship of Western Pennsylvania, by a score of 19-13. This was undoubtedly the hardest game, and one in which the home team showed the excellent coaching of Miss Eyre. As usual Ray and Flegal played a splendid game at forward, Greasley and Clovis displayed fine passing while Bowes and Seanor, the old standbys, played a star game at guard.

I. S. N. S. played at Alliance, Ohio, March 14th. It was a hard contest. Alliance took the lead early in the game. In the second half the home team put up a hard fight, especially in the latter part, but it was useless as Alliance won the game by the score of 16-8, but we had not lost the game without a struggle. The last game of the season was played with Blairsville on March 24th on the latter's floor. It proved to be one of the roughest and hardest fought games of the year but Normal carried off the honors by a score of 9-5.

This year's team has won the highest place among the teams of Western Pennsylvania and it remains for the on-coming teams to retain it.

"For the development of mankind from a psychological standpoint."

Many of our young, bright, slender-fingered, brilliant chaps do not wish to indulge in such brutal, rough, and ungenteel games as foot ball, boxing and baseball, but confine their extraordinary talent to the lighter and more scientific element, as lawn-tennis, checkers, wink, spin-the-pan, kiss-the-pillow, pussy-in-the-corner, button-button who's got the button, and tiddlewinks. The last named has made an especially classy showing within the past few years at Normal.

The young nimrods who indulge in this particular precarious sport hold sessions from time to time, giving exhibitions of their agility and speed; and Capt. Donnelly reports that his strenuous efforts in getting his men in shape have well-nigh been crowned with success and the work has been highly praised by the people before whom they have given exhibitions and made their debut.

One thing which has proved a drawback to the captain is the fact that several of the men had severe colds from over-training and Pellor fractured his finger in an excited four-handed match.

King Brady, will, in all probability, win his numerals, as he has shown some of the sharpest and best form of the team. He is one of the cleverest and most adept players. Alfred Quinette is also mentioned as having played in some successful matches; so, with this lively bunch of shooters, there is no reason that the students at Indiana should not turn out and cheer the boys on to victory. Capt. Donnelly and Chief Chorister Fennell wish to make an earnest appeal to the entire student body to witness these snappy contests and assure them that their team will easily "cop" the championship again this season and bring the coveted tea cup back to Indiana.

As the Annual goes to press the team has filled successful engagements at Homer City, Black Lick, Clymer, Boot Jack, Portage and Scalp Level. This team surely has our sincere wishes for a prosperous season.

FUSSERS COTERIE

One of the greatest student organizations is this Lovers' Circle. It had its beginning with the old ivy-covered oak and dates back to Buchanan's administration. However, the society is of the modern type the members generally coming to Indiana as Cases.

Owing to the strenuous efforts of E. Malshoois Jackson in Recitation Hall, Miss Leonard in the grove, and the faculty in the corridors, they have had little rest and the entire body has progressed by hops and bounds, but has been kept very secret until now in order that the faculty might not exterminate the little microbe which grows among us and which has been the happy termination of many of our alumni.

We have no officers. We simply have our meetings and departings unknown to others. All who wish to join should place their application at once, sending a two-cent self-addressed envelope to Don H. Martin, who has charge of all the correspondence of the Anxious and the Would Be's.

Since this is a secret organization we will only mention a few of the most prominent members:

SENIOR DANCE

The great event for which the Seniors had patiently waited was finally realized, February 22nd.

The students were excused from all classes in the afternoon, and, though the Seniors were kept busy receiving their friends, they still found time for the preparations for the hop. The library, the dining room, and Recreation Hall were all artistically decorated in brown and gold.

At seven o'clock festivities began. After all had met the officers of the class and the members of the faculty in the receiving line, the joyous strains of music struck up and the gay couples danced to their heart's content. Dainty refreshments were served in the Annex. Although the crowd was large, this did not lessen the enjoyment of the evening. It was a sight to see the gaily dressed young ladies and their happy partners keeping time to the music.

Dancing continued until 11:30 P. M. The affair was, from the beginning to the end a grand success, in spite of the fact that the guests were "requested to refrain from all unconventional dances, including the Boston, the Dip, and the Drop Step".

JUNIOR PROM

Recreation Hall was the scene of a very enjoyable social affair when the Class of 1914 gave their annual Hallowe'en promenade on November 2, 1912.

Miss Leonard, Miss Stephenson, Mr. Wm. F. Smith, Mr. J. E. Smith, members of the faculty, Miss Sheridan, class secretary, and Mr. Laudenslager, class president, composed the reception committee.

The music furnished by the St. Clair orchestra could not be excelled. A number of out of town guests were present, and in spite of the fact of their being strangers, they seemed to enjoy every minute of their stay at Indiana.

FOOT BALL BANQUET AND DANCE

In accordance with its established custom, the Indiana Normal School gave the foot ball squad and all wearers of the "I", a banquet and dance on December 7, 1912. Music was furnished by the school orchestra. Every one present had a most enjoyable time, and many not present made resolutions that another year would find them eligible to join the annual festivities.

PHI ALPHA DANCE

The dance of the Iota chapter of the Phi Alpha fraternity, held in Recreation Hall, December 19, 1912, was a success beyond our wildest expectation. Quite a number of our boys of former days were here for the occasion and all had a delightful time.

Moore's Orchestra seemed to anticipate our every wish. The refreshments, served in the Dining Hall Annex, were the culmination of an evening of unalloyed pleasure.

PHI DELTA PHI DANCE

The Phi Delta Phi sorority entertained with a reception and dance on the evening of March twenty-eighth, nineteen hundred thirteen, in Recreation Hall. The decorations consisted of palms, ferns, smilax and roses. Miss Hope Stewart received the guests in the Red Room. She was assisted by Miss Jane E. Leonard, Miss Mary McWreath and Miss Ossie Patterson. The grand march was led by Miss Stewart and Mr. J. Wood Clark. At eleven-thirty, a supper of three courses was served in the dining room.

Thirty-five couples were present, consisting of the active members of the sorority, alumni, and one representative from each of the other sororities in the school. The following well known society women were patronesses: Mrs. James E. Ament, Miss Jane E. Leonard, Mrs. Thomas Sutton, Mrs. John P. Elkin, Mrs. John S. Fisher, Mrs. Harry White, Jr., Mrs. William J. LINCOLN DEBATING CLUB DANCE

On the evening of February 15th the Lincoln Debating Club held its annual debate and dance. This event proved to be most enjoyable. After listening to a splendid debate, all the guests went to Recreation Hall, where the remainder of the evening was delightfully spent in dancing. Light refreshments were served between dances.

SENIOR EVENTS

Senior Hay Ride

In October the class held its customary hay-ride. Six wagons carried the merry Seniors to Idlewood Park. About twelve o'clock an appealing lunch was served. Later an orchestra from town furnished music for dancing. At four o'clock everyone climbed back on the wagons and, with songs and yells to keep up the merriment, returned to Indiana and the hearty welcome of the Juniors.

Senior Color Fight

Yes, the colors had arrived on the late train Saturday night, and on the following day there was great excitement during the preparation of the daring deeds which were to ensue the next morning. At four o'clock on Monday morning there was heard from the window of Room One a loud whisper,—“Bob—Bob—Allison, get up! Everybody else is up”.

In a few moments a body of brave young men ventured into the darkness and dampness of the early morning to announce to the world that the Class of 1913 had come into existence and was willing to have it known. Who cared if the shingles on Model School were damp and slippery, and scaling the belfry on Sutton Hall a perilous undertaking? Rain could not dampen our spirits nor lessen our desire to have the Brown and Gold waving in the air.

The Junior boys felt that the condition of the atmosphere was not conducive to good health, so they remained in their cozy beds. Wise laddies!

SENIOR-FACULTY BASKET BALL GAME

With one of the strongest teams the faculty has ever had, they faced the Seniors this year. But the result was as usual, a victory for the Seniors, the score being 29-16. Both teams showed that they knew something about basket ball, and a far more interesting game than was expected took place. The special features of the game were the sensational running of Kinsley and Smith and the shooting of Wilson.

SENIOR-UNDERCLASS GIRL'S BASKET BALL GAME

On Saturday, February first, the Senior girls demonstrated their superiority over the under-class girls at basketball by the score of 17-8. After the first few minutes of play the result was never in doubt and the Seniors played brilliantly at all times.

The success of our team was due to the good team work and the shooting of Miss Ray. We still hold the championship of the classes

I GENERAL AIM

Left to the reader's imagination

SPECIAL AIM

- 1—To review the cutting remarks developed in the previous recitation.
- 2 To furnish the pupil with a vocabulary suitable for snubbing persons who inquire concerning one's plans for the future.
- 3 To drill and enlarge on both the theory and practice of systematic gum chewing.

II BASIS

- 1—The pupils' ability to sass as inherited.
- 2—The pupils' ability to deliver "slams" as acquired by example of teacher.
- 3—The pupils' ability to chew gum as developed by practice.

III MATERIALS

- 1—One new stick of Jumbo gum for each pupil.
- 2—Two new sticks of Spearmint for each teacher.
- 3—The residue of two former sticks as preserved on bed post over night.
- 4—The bed post.

IV. LESSON PROPER.

SUBJECT MATTER

- I Review of last lesson.
 - 1—What to say when requested to keep quiet.
 - (a) "I won't do it, and you can't make me."
 - (b) "I don't have to and what's more, I wouldn't anyway if I did have to."
- II Remarks suitable for replying to inquiries concerning your plans for the future.
 - 1—When your teacher asks you what you are going to do in vacation, you say:
 - (a) "I am goin' to paint queer signs so that little folks will ask questions."
 - (b) "I intend to sell cod liver oil to the farmers for use as lubricant on their farm implements."
 - 2—When one of your classmates asks you how many

What business has anyone to request you to keep quiet, John?

What two remarks can be used in this case, Jennima?

Which one is to be preferred, Betsy? Which one would be most appropriate when speaking to a preacher, Parrey?

(These questions will be fairly shouted at the pupils and they will be encouraged to answer in a like manner.)

Our new lesson deals with the vacation when we go home to disobl the iox and sunshine and raise the *the-ills of all*.

Why do people ask about other people's business, Hilda Rebecca?

subjects you will have in the spring term, say:

- (a) "How do you know I'm coming in the spring?"
- (b) "I know one thing. I'm *not going to take* any sass off you or your relations."
- (c) "Did somebody say something?"

III Drill in Gum Exercises.

1—Theory.

- (a) Gum chewing is now recognized as an art. It develops the muscles of the jaw, increases the power to talk steadily without retiring, and assists the mind in contriving something mean to say.
- (b) Gum chewing is recognized as a science. It teaches the individual that Spearmint is the best brand, that if the fingers are moistened it will not adhere to them when removed from the mouth, that if placed on the bed post over night the partly consumed residue will retain its present flavor and that if placed in the sugar bowl it will absorb a flavor superior to the original.

2—Practice.

GENERAL DEPRESSIONS

- 1—Several depressions are made on the soft gum by the teeth
- 2—False teeth are easily detected.
- 3—The children are expected to change seats in the afternoon if they like a different flavor.
- 4—Pupils may remove gum from teacher's chair if they replace it when they are tired.
- 5—It was depressed upon the children's minds by the teacher that skill could only be acquired by constant practice both in the use of the theoretical and the practical.

"Naw" or "You sezzer". (The teacher here will determine the correctness of the answer by the amount of confusion.)

What is not meant by subjects, Billie? Answer in full.

What kinds of springs are there, Mary Aurora? Imply the question in the answer.

What kind of stuff is sass? Solid, liquid or gas, Nellie Floretta?

Correct; it is a gas and better known as hot air.

All who want their recess now please Shuffle their feet and pound with their hands.

We shall now take up the drill exercise. Theory first.

Make your statements general enough to be true.

If they are too specific and not true, what will they be called, Sis?

And if Magnolia made the statement what would she be called?

Whole class answer good and loud

Now quote the entire theory, Musty Molly.

We will now have some practice in the manly art of "rubber chopper."

Each pupil will be given a piece of Jumbo gum. The teacher will hurl the gum to the pupils, who will scramble for it. "Every kid for himself", will be the motto. The drill will continue for two hours.

then the teacher will give orders for the removal of the residue. Ready.

The Boy and the Milk Pitcher

Watch the boy. He is asking for an empty cup and saucer. Now he is looking all around the dining room. What is he looking for? The pitcher of milk is on the table. He is asking for the pitcher. He is looking around again. The cup is full of milk. The boy is drinking the milk. Why does he hurry so? Is he afraid of something?

The Week End Man

See the man and the girl in the Green Room. The man has come to see the girl. He is hoping that no other man has come to see any other girl. He wants to sit on the davenport alone with the girl. The girl is sorry that the man will have to leave at ten o'clock. Never mind; he is going to take her and a chaperon to the hotel for dinner,—and may be her roommates. He is a happy man. He likes the girl very much.

The Infirm?

This is a nice, bright room. It is a sick room. See the little white beds. At half past five two Seniors come in. They are making dreadful faces and look very sick. The nurse gives them some medicine and offers them supper up here in the pretty room. Can they eat anything? Perhaps a little. Each one now has a tray full of good things. Has one of them choked? Yes, she was laughing. They tell the nurse good-bye. They say they will be better soon. This is Friday night.

The Garden

See the little girls and boys digging in the mud. What are they doing? They are Mr. Jackson's farming class. The girls and boys are planting corn for the normal girls and boys to eat dry all next winter.

The Borrower

This girl is a funny girl. You like to have her come to see you — almost as well as mumps. She will wear your sweater if you ask her. She will even be good enough to wear your party dress on Saturday night if you plead with her. If you have any sugar or candy she will take them if you urge her sufficiently. She is a nice girl. How we all love her!

North Door

See the boy and girl talking at North Door! They are a very nice boy and girl. The girl looks very happy. So does the boy. They have not seen each other for a whole period. What is that coming? The girl has run away. Where did the boy go? It is the keeper of the hall that is coming. Why is every boy and girl afraid of this person?

The Mail Girl

Do you see that girl? She has a tired look. Everybody loves her. See how they run up and talk to her. Why does she try to get away? Why does she stamp her foot and say, "No, it is not sorted yet"? What does she mean?

The Track Man

See the boy running around the campus. The boy is not warmly dressed. There is snow on the ground. Nobody is chasing the boy. Has he escaped from the infirm? No, he is running for his supper. He will get dry toast for his supper. The boy sits at the training table.

The Tennis Court

See the pretty park with all the pretty trees! Do you not see the nets in the park? What are the nets for? They are for tennis. See the boy hit the ball! Why do the boy and girl play with the ball? The girl and boy play tennis because they do not like forty love and they hope the game will be a tie.

Ray—Only everybody else will remember it too.

J. W. A. B.—The Devil! Can't we do something to get out of this beastly hole without letting everyone in town know about it? A brilliant idea strikes my cranium. Let's ask Doc Allen to help us. He's at Davis Cottage yet. (Telephones) Hey, Doc, beat it to the coop as fast as you can with all the spondulicks you can rake together. We're roped in.

Doc A.—What happened, fellows?

Doc K.—Well, you see, we were going to the Dorm and as we were overflowing with terrestrial melodies we overflowed, and the cop, not appreciative of the great honor thrust upon him, ran us in. And—

Ray (interrupting)—And if we can't give bail we'll get in the Sophist and all the other big papers and all that! And you see we haven't any money. It's after the time when you can borrow on your hook bill and we haven't heard from home for three days. Can't you lend us the bail?

Doc A.—Well, after the shows and a birthday this week, I'm nearly broke myself, but command me to nine-tenths of my income. Of course, you don't want this to get out.

December 8—Another long day for those who did not have letters to write.
December 9—Good Fellows Quartette in Chapel.
December 10—J. C. Smith finds a girl at his table who is just the one he's been looking for. Hearty congratulations!
Does she come on time to all her meals?
December 11—Joe Donnelly posts trespass notice for all underclassmen in the library.
December 12—One of Prof. James' questions, Do you all agree with the professor that before being joined in the holy bonds of matrimony one should have a ten years' college education, and for the sake of experience teach fifteen?
December 13—Senior-Faculty basket ball game. Score 29-16. Seniors of course!
December 14—Brooks and Ira Hazlett have at last succeeded in wearing the burlap from the wall in North Hall.
December 15—Joe Campbell and King Brady think they ought to cover the defaced places.
December 16—Howard Kring always seems to be in the act of just coming into the main bld'g or just going out. I wonder why?
December 17—"My Brother the Bishop". Big success. Marjorie loses her underpinning!
December 18—Last day of school this term. Everybody is packing.
December 19—Faculty busy making out reports.

INSTANO

A LINE A DAY (continued)

- December 20—School is over and we all leave on the special. "Oh, I am so anxious to see the folks!" A rest at last. Phi Alpha dance. Vacation of ten days.
December 31—Back to Normal to recuperate!

January

- January 1—New Year's resolutions are in order.
January 2—Lots of new students entered for the winter.
January 3—Terrible blizzard! Some of the lightweights nearly lost their bearings on North Walk.
January 4—Gail bids a silent farewell to the boys for a three weeks' vacation in the pest house to enjoy the measles.
January 5—Huyk's open meeting. "Seven stages of Love-making" pictured.
January 6—Several of us gave up trying to keep our resolutions. What good are they anyway?
January 7—"Wookie" calls another Instano meeting.
January 8—As a proof of Miss Kelso's popularity, the Infirmary was filled to overflowing.
January 9—Student in Com'l correspondence. "Mr. Quinette, are circular letters used in announcing a wedding?"
January 10—Prof. Jackson tells students that banisters in Recitation Bldg will stand without their support.
January 11—Ero's open meeting. Motion for adjournment at 11:55 P. M.!!!
January 12—Who does not go to church frequently?
January 13—Girls play Wilkesburg H. S. Of course we won, 34 to 3.
January 14—Senior Class meeting. Committees for Sr. dance appointed.
January 15—Sr. fellows decided not to send flowers for Senior dance. Much discussion in boys' dorm concerning it. Bob Henry strongly reverts decision.
January 16—Prof. J. C. Smith. "Miss Franz, I want you to bring in a graf tomorrow."
January 17—J. C.: "Miss Franz, do you have the graf to-day?" Miss Franz: "I asked him but he wouldn't come."
January 18—"My Brother the Bishop" given minus the wigs.
January 19—Dr. Ament gives talk in chapel on truth telling.
January 20—Shakespeare reading given in chapel.
January 21—Mr. Gordon proposes trip to Washington for Seniors. All delighted but few decide to go.
January 22—"Lion and the Mouse" at our down town theater. Normal fussers went.
January 23—J. C. informs students that dining room is no restaurant and they will please come to meals on time.
January 24—Five girls and six boys come late for breakfast. They get a glad eye! Invitations for Sr. dance ordered. Hope they get here on time.
January 25—J. C. informs those who persist in coming late that he will have a personal interview with them. Did you notice who came late next meal?
January 26—Final announcement (we hope) concerning coming to meals. If you don't come on time I'll have you severely punished.
January 27—The staff at work on the Instano decide that editing a school annual for a class like this is no joke!
January 28—Class meeting. Decided to have school orchestra. Also to dance every dance, but hope the cases will occupy the davenport instead of the dance floor.

INSTANO

A LINE A DAY (continued)

- January 29—First month's report given out.
 January 30—Lights go out in boys' dorm hereafter at 11:00 P. M.
 How will they ever see to hitch their ponies!
 January 31—Call for mysterious mass meeting. Everyone went although no one knew the purpose. Later revelations. Subscriptions for the Sophist.

February

- February 1—Heard in the main hall—John Lehr has the "sentimental tonsillitis".
 February 2—Y. M. C. A. Secretary, Mr. Thomas, here. Spoke to the boys. His great length (not of speech but of body) caused much comment!
 February 3—Work on Instano.
 February 4—Are you keeping Lent?
 Dr. Ament announces about gold collars.
 February 5—Some of the fellows went skating.
 February 7—Mac delivers an oration, on the German club, etc.

 February 9—Arthur Howe, former Yale coach, talked to boys.
 February 10—Maloney and Swift proved their right to a putty medal for rescuing a lady friend from drowning.
 February 11—Everybody too busy studying to create any excitement.
 February 12—Wonder why the mail doesn't come? Why, don't you know it's "Abe's" birthday?
 February 13—Miss Leonard takes breakfast at the track table.
 February 14—The Y. W. C. A. Secretary, Miss Richardson, visits our association. Girls' basket ball game with Blairsville, 24-3. All the boys out to see it.
 February 15—Debating club dance. Great time!
 February 16—Everybody rests.
 February 17—Bard concert. Exam week, so girls could not go—therefore boys sell tickets at reduced prices!
 February 18—Senior girls busy getting their finery ready for the dance.
 February 20—Nothing to talk about but the Senior dance.
 February 21—Telegrams, phone calls, and special delivery letters and parcel post messages tell us our partners are on the way.
 February 22—George's birthday fitly celebrated by the annual Senior Dance. George never saw a night like this.
 Track team wins and loses at Pittsburgh.
 February 23—Miss Leonard advises the girls to take their friends of the preceding night to church.
 February 24—Mr. Stuart lectures. Miss Leonard gives a dinner party—without the guest of honor—due to bill Smith's poor memory.
 February 25—Mr. Bowman entertained delightfully in chapel by giving Mark Twain's opinion of the German language.
 February 26—Miss Ackerman revealed to the Seniors the mysteries of getting a position. General discussion as to whom we shall ask for recommendations.
 February 29—Five dictionaries in library. Question: Will Mac Trimble now go beyond them or will we be able to catch up with him?

INSTANO

A LINE A DAY (concluded)

February 29—Miss Smith forgot to work to-day. Oh no—she didn't. There wasn't any 29th this year.

AND HE HAD HIS HAPPY
9LT FOR JUST ONE DEC5-
TION WITH THAT GIRL.

March

- March 1—The weather resembles a lamb. Maybe we will get our winter weather after all.
- March 2—Indiana Normal Collegians play I. H. S. Score 7-15 with 15 minutes to play. College boys too rough. I. H. S. leaves floor.

JOKES

New Student (looking at picture of "Hope" in North Hall): "I think Miss Stewart awfully good looking."

Susan (dropping dish of beets in her lap at the table): "My, but these things are indigestible—they lie so heavy on one's stomach."

Miss Collins (in Hist. of Ed.): "Miss Caelson, can you give Kant's opinion of this method?"
Jennie: "No, I can't."

Miss Agard (in Geology): "Miss Stewart, what is the difference between a bed and a sheet?"

Mr. Jackson (in Agriculture): "The only time this feeding is done is when the cows are shrinking."

Miss Mulliner (explaining the flood plain of a river): "A river heavily laden with sediment flows from side to side just as any person with a heavy load goes from side to side."

Logical

Miss Orr: "See that wreck train ahead there."

Miss Goodspeed: "Oh dear, is there going to be a wreck?"

Mr. Titterington (during a very heated discussion in Debating Club): "Mr. President, when I was in the New York Senate they didn't do it that way." And a gentle "titter" went around the room.

Miss Agard (in Geology): "I will hold you responsible for all the earthquakes that have happened in the last decade."

Teacher: "Why should Hamlet think of paint so often in connection with women?" And at this opportune moment Titterington unconsciously begins to brush the shoulder of his coat

Frank W.: "Pardon me, Alice, for walking on your feet."

Alice: "Oh, that's all right. I walk on them myself."

Miss Agard: "Where is Italy, Mr. Peelor?"

Mr. Peelor: "It is on one of the oceans, but I forget which."

Miss Smith: "What did the Knight in Chaucer's Prologue wear, Miss Vogele?"

Becky: "He wore his Knight clothes under a suit of mail."

Mr. Allen (in Physics holding a piece of wire around a magnetic needle): "What happens when I hold this wire here?"

Nobody answers.

Mr. Allen: "Nothing; that's right."

Who?

Miss Winters (in Astronomy explaining to Henrietta P.): "The molecules in every substance attract each other. Everything attracts everything else. Even *you* attract some one."

Marion Wheeler, before calling up Sharkey's: "Say, are there two pints in a quart?"

If it takes ten minutes to paint Frank White how long will it take to paint Jean Brown?

Mr. Jackson (discussing trees in Ag. class): "How about the growth of apple trees, Mr. Spencer?"

Sol: "Well, (slight pause) sweet apple trees grow in the summer time."

Irving Fennell (talking with the boys about theatricals): "You know, fellows, the only thing that keeps me off the stage is the manager."

Snap Shots

We hope that Miss Freeman will be able to find a camera with a lens powerful enough to show the depths of her eyes.

We hope that Mr. Swift may never find a subject upon which he is unable to discourse fluently.

Who has half a white eye brow? Janet Clark.
Who can conceal it cleverly? Janet Clark.

The 58th and 59th varieties: Elizabeth and Gertrude.

If Elizabeth Stroble had Bowes, Wood, Camilla Kidd—er?

If you had gone to the Senior Ball, would you have taken Weinerwertz, Pickels or a Rose?

In the Girl's Dorm.

Why do the lights go out at ten? Because then the girls remove their switches.

I. Fennell (in heated argument with young Freshman): "Oh go back to the greenhouse. You're only a bud!"

"They say that Carmalt is the brightest fellow in the Senior Methods class."

"Yes. The other thirty-three are girls."

Prof. James (in Physics): "I am going to illustrate this parabolic curve by throwing a piece of chalk—Don't tell the janitor and don't let it get in the Sophist."

Note—No objection to the Instano, Professor?

Miss Renard: "What did you have in the Chemistry test—(hastily) oh, yes, I know she'll give us Boyle's."

Heard outside Lit. room after a discussion of morality plays: "Well, Miss Smith is just crazy about 'Everyman'."

Foolish Question

Miss Mulliner (in Geog.): "Why do they raise cattle in the west, Miss Pickels?"

Miss P.: "To get wool, of course."

Is This Phonetic?

Eleanor: "I wonder why the sweaters don't come. Bill ordered about fifty."

Elizabeth: "Oh, no, Eleanor, he ordered about four dozen."

An Easy Task!

Dr. Drew (in Psych.): "Well, Miss Plane, will you name several cases—a case right around here."

Some of these Conservatory girls sing like nightingales, others like gales in the night.

Literal as Well as Grammatical?

Miss Orr: "Mr. Shick, use the infinitive in a sentence as object."

Mr. S.: "I dread to see my wife."

Ethel A.: "Janet, I like your hair that way. You look like Diana."

Janet C.: "What do you think I'm chasing?"

Ethel: "Stags, of course."

Have you ever said this—"Has the mail been passed?"

Alice: "Susan, you will lose your key again if you don't put it away."

Susan: "Where is my keeper?"

TRUE VALUES

The store's methods, reflected in the demands of the
people, caused department after department to be added
until now we supply practically everything women, men, or
children wear or use, and all who come get easily what
they want and pay less for it.

JOKES

Mr. J. Smith is not going to say "by hen" any more because it is a foul expression

Miss Applegate, to Miss Sterling rehearsing play: "Can't you speak any louder? Be more enthusiastic—open your mouth and throw yourself into it."

Miss Collins (opening door of 203A during study hour and finding Susan there): "Why, there are more girls in here than—"

Susan (aside): "than fellows."

Bob Henry (looking out of the window and seeing a sled go by): "I wonder who the man was that discovered a sled would run on runners"

If Hildur Benson went Wood Thistlethwaite?

Miss Agard (in grammar): "Who was performing the action in this sentence, Miss Moore?"
Effie: "Everybody."

Miss A: "Doing what, Miss Moore?"

Reply lost—

Could You?

Loud gasps heard in Fourth Corridor North.

Miss Winters (from her room, recognizing the sound): "Alice Hamill, what is the matter?"

Alice H: "There's a roach out here!"

Miss W (with rising inflection): "Well, step on it."

Alice H: "*I can't*, it's on the ceiling."

Miss Collins (in Hist. of Ed.): "Mr. Brown, tell something of the life of Bacon"

J. W. A. (rising slowly): "He was born in London at a very early age—"

Otherwise?

Miss Smith (at table): "And who was your candidate for the presidency, Miss Shaw?"

Miss Shaw: "Well, for a man, I prefer Woodrow Wilson."

From Geography

Miss Mulliner: "What do they raise in Chicago?"

Kathleen B: "Wheat"

Miss M: "Why how is that?"

J. W. A. (sotto voice): "Well, what are grain elevators for?"

Did You Know

That the center of population of Indiana is in a brush heap in the backyard of a certain man named Brown?

(For further information, consult Prof. J. James)

Alice: "Why next term we have to take horticulture."

Eleanor: "Is that elocution?"

In The Physics Room

Mr. James (pulling on the center of a stick held at either end by two girls): "Which of you two girls are pulling the hardest, Miss Grant?"

May: "You are."

In Astronomy

Miss Winters: "Does the sun look as big as a nickel to you, Miss Parkins?"

Henrietta: "Oh, bigger."

Miss W: "As big as a fifty cent piece?"

Henrietta: "Yes, bigger."

Miss W: "As big as a dollar?"

H: "Oh, no, Miss Winters, a dollar looks awfully big to me."

Polite ess

Miss Moore (at table): "Don't all of you wait for me to eat your desert."

Did you ever see the light go out when the door wasn't open?

Alice: "My hair won't stay up when I wear it down."

Pat: "Hands cold?"

Stub: "— — —"

He: "— — —"

She: "I can't. I've got to hold up my dress."
